## Roasted Kabocha Squash

*Serves 4*

- 1 medium kabocha squash
- 2 T coconut oil (or butter), melted
- Kosher salt
- Freshly ground black pepper

Preheat oven to 400°F. Rinse squash under running water, and dry it. (If you're gonna peel it, do so now.)

Like all winter squash, kabocha takes a sharp knife and a bit of force to cut. Suggest cutting off the top and bottom to expose the flesh.

Remove seeds and cut squash into thin wedges. Toss squash with coconut oil or butter and season with salt and pepper.

Put squash in a single layer on a foil-lined baking tray and roast for 30 minutes, flipping them over at midpoint. The wedges are ready to eat when they're slightly crunchy on the outside and fluffy and soft on the inside.

## Grandma Ivah's Pumpkin Pie

Amy Goldman, author of *The Compleat Squash*, suggests the following method to cook the Winter Luxury Pie Pumpkin (which may also work for the Baby Pam Pumpkin):

Winter Luxury should be baked whole, pierced for a few tiny vent holes, stem trimmed. If you wish, you can cut a lid, remove the strings and seeds, and replace the lid loosely before baking (this method yields a drier pie).

Bake at 350°F for an hour or so until it “slumps” and softens. Take care when you cut and remove lid after baking – the cooked pumpkin is hotter than hot potatoes. Seeds and strings come out easily. Take a large spoon and scoop the pumpkin out like ice cream. The flesh easily peels away from the desiccated rind. Puree the flesh in a blender or food processor, adding liquid if needed.

1-1/2 cup pumpkin puree  
3/4 cup sugar  
1/2 teaspoon salt  
1 to 1-1/4 teaspoon ground cinnamon  
1/2 to 1 teaspoon ground ginger  
1/4 to 1/2 teaspoon ground nutmeg  
1/4 to 1/2 teaspoon ground cloves  
3 eggs  
1-1/2 cups milk (preferably whole)  
2/3 cup (about 6 ounces) evaporated milk or heavy cream

Preheat oven to 400°F. Prepare pie plate with a single pie crust.

Mix pumpkin puree, sugar, salt and spices. In a separate bowl combine eggs, milk, and evaporated milk or cream. Blend milk mixture into pumpkin mixture (texture will be very thin). Pour into pie crust. Bake for 50 minutes or until the center of the pie has begun to set. The pie will continue to set as it cools to room temperature.

## Braised Red Kuri Squash

1 red kuri squash, any size  
2-3 tablespoons olive oil  
1 garlic clove, minced  
Water  
Salt

Scrub the squash well to remove any dirt. Slice the squash in half and scoop out the seeds. Cut the halves into 1-inch slices, and then cut the slices into chunks that are roughly 2" in size.

Heat a skillet over medium-high heat. Add the oil, followed by the squash, and cook for a few minutes,

stirring occasionally. Stir in the garlic, then add  $\frac{1}{4}$  inch of water to the skillet and bring it to a boil.

Cover and reduce the heat to a simmer. Cook until the squash is fork tender, about 10 minutes. Taste and season with salt.

Note: For richer flavor, cook squash in vegetable or chicken stock. Cooked squash may be left in chunks or mashed. To give dish an Indian flair, add a little ground cinnamon and curry powder when you add the garlic.

## Roasted Winter Squash Salad

Serves 6

- 1 pound roasted kabocha squash, cut into 1-inch chunks, skin removed
- 4 celery stalks (with leaves if possible), diced
- 1/2 medium red onion, finely chopped
- 2 big handfuls toasted walnuts, chopped
- 1/4 C dried currants or dried figs
- 2/3 C beer (something along the lines of Anchor Steam)
- 2 tsp. Dijon-style mustard
- 2 T cider vinegar
- 3 T olive oil
- 1-1/2 tsp. honey or brown sugar
- 1/4 tsp. fine grain sea salt

Roast the squash.\* Make the dressing: Whisk together beer, mustard, vinegar, olive oil, honey, and salt. Taste, adjust with more sugar or salt if needed, and set aside.

Toss the squash in a large bowl with about a third of the dressing. Let it sit for a minute or two, add more dressing, most of the celery, red onions, walnuts, and currants. Toss again. You'll likely have dressing left over, but this is a salad you should overdress in the beginning - the squash really drinks it up. Also, taste for seasoning at this point and add more salt if needed. Sprinkle with the remaining celery, red onions, walnuts, and currants, and enjoy. Let sit at least 5-10 minutes and serve.

**Note:** \*Roast squash: Toss 1-1/2 inch thick slabs of (de-seeded) squash with a few gluts of olive oil, a sprinkling of salt, and 1 teaspoon chopped rosemary in the top third of a 425°F oven until completely tender, about 15 to 20 minutes. Remove and let cool. For this recipe, slice into 1-inch chunks, leaving the skin behind.

- 1 large onion, finely chopped
- 4 large garlic cloves, chopped
- 3 14-1/2 ounce cans low-salt chicken broth
- 4 cups 1-inch pieces peeled butternut squash (1-1/2 lbs.)\*
- 4 cups 1-inch pieces peeled acorn squash (about 1-1/2 lbs.)\*
- 1 1/4 teaspoons minced fresh thyme
- 1 1/4 teaspoons minced fresh sage
- 1 1/2 teaspoons ground cumin
- 1/2 teaspoon ground ginger
- 1/8 cup whipping cream

### Croutons:

- 2 tablespoons (1/4 stick) butter
- 24 1/4-inch-thick baguette bread slices
- 1 cup grated Gruyere cheese
- 1 teaspoon minced fresh thyme
- 1 teaspoon minced fresh sage

**For soup:** Melt butter in large pot over medium heat. Add onion and garlic and sauté until tender, about 10 mins. Add broth, all squash and herbs; bring to boil. Reduce heat, cover and simmer until squash is very tender, about 20 mins.

Working in batches, puree soup in blender. Return soup to same pot. Stir in cream and bring to simmer. Season with salt and pepper. (Can be made 1 day ahead. Chill. Rewarm over medium heat before serving.)

**For croutons:** Preheat broiler. Butter 1 side of each bread slice. Arrange bread, buttered side up, on baking sheet. Broil until golden, about 1 minute. Turn over. Sprinkle cheese, then thyme and sage over. Sprinkle with salt and pepper. Broil until cheese melts, about 1 minute. Ladle soup into bowls. Top each with croutons and serve.

*\*Suggest roasting squash, halved and seeded, on a baking sheet coated lightly with oil at 425° until soft, adding to the pot, and cooking it the rest of the way.*

## Roasted Delicata Squash

Delicata is one of our favorite winter squashes on the farm, and usually the first out of the field in the fall. “Winter squash” is actually grown in the summer, but keeps through the winter at room temperature because of the hard shell. Delicata is moist and very sweet and is best used before January.

***A quick and easy prep:*** Slice in 1/2” rounds, scoop out the seeds with a spoon, cover with foil and bake on a cookie sheet at 375°. Brush with a small amount of olive oil, salt and pepper, and the sugars will caramelize as it browns slightly. Turn the slices once, and it’s ready in 25 to 30 minutes.

## Andrew's Butternut Black Bean Enchiladas

- 1 medium Butternut squash
- 1 large red onion
- olive oil
- salt
- cayenne pepper
- 4 cloves garlic
- Feta cheese (1/2 cup crumbled)
- 1 large can green enchilada sauce (14 oz.)
- 12 corn tortillas
- 2 cans black beans (or about 2-1/2 cups cooked)
- 1/3 bunch cilantro (about 1/4 cup chopped)

Peel and cube butternut squash, place on a cookie sheet, drizzle with olive oil, lightly salt, and sprinkle with a little cayenne. Separate 4 cloves of garlic and add to tray in their papers. Roast in the oven at 375 degrees for about 35-40 minutes (until soft).

**Filling:** In a large skillet, sauté onion in olive oil. Lightly salt, and when soft, add the 2 cans black beans (rinse first). Let simmer a few minutes, and add roasted butternut (with the garlic cloves removed), 3 T chopped cilantro, and all but 2 T of the Feta cheese.

**Fill enchiladas:** Prepare 9x13 glass baking dish with a light layer of the green sauce. Soak each tortilla in sauce (a pie tin is handy), then spoon in the filling, fold and place each filled tortilla side by side in baking dish. Top with a little more sauce, garnish with a handful of cilantro, and the reserved 2 T Feta cheese.

**Optional:** Add a large green zucchini, cubed, to the butternut roasting in the oven. It cooks faster than the butternut, so wait 20 minutes or so and then add it to the cookie sheet for the last 20 minutes of the bake.

## Roasted Delicata Soup

- 2 pounds delicata squash, halved and seeded
- 1 medium shallot, finely diced
- 4 cups low sodium chicken broth
- 1 teaspoon fresh rosemary, chopped
- 3 tablespoon salted butter
- Sea salt, and freshly ground pepper to taste
- 1 tablespoon crumbled blue cheese (optional)

Preheat the oven to 350 degrees. Line a baking pan with foil. Place squash halves with open sides up. Divide one tablespoon of the butter among them and put it into the various cavities. Roast in oven for approximately 30-40 minutes (depending on the thickness of the squash) until inside of squash is soft and can be easily removed. Remove from oven. Set aside to cool briefly.

In a stock pan on stove, melt remaining butter over medium to low heat. Add the shallot and rosemary and cook until the shallot is soft and fragrant, but not browned (about 4-5 minutes). Add the 4 cups of stock and increase the heat to medium-high.

Scoop out cooked squash into bit sized chunks and add it to soup. Cook the squash in the soup for about 15 minutes until stock is slightly reduced and the flavors come together. Remove from heat. Blend the soup mixture until smooth in batches in a blender or using a hand mixture. Season with salt and pepper to taste.

Pour soup into bowls to serve. Top each bowl with a teaspoon of blue cheese\* and stir it into the soup. \**Sour cream or creme fraiche also serves for creamy effect.*
